This camp is available for homeschooling high school students ages 14-18.

This program is designed to give local homeschool students experience with introductory chemistry topics in a college laboratory setting. Each student will be introduced to practical general chemistry laboratory experiments and the use of key instrumental techniques in chemical analysis. This will be the equivalent to the NYS high school chemistry lab requirement.

The program will run:

Monday, Tuesday, Thursday, Friday 12:30 - 4:30 p.m.

Wednesday 8:30 - 5:00 p.m.

(Lunch will be provided on Wednesday)

Cost \$110 is due June 26
Location Roberts Wesleyan College
Smith Science Center
Instructors Dr. Jason Taylor
Mr. Robert Gentile

For more information and or questions contact

Jason Taylor at **585.594.6486** or
