

TEACHER EDUCATION

LEARN TO *Live*

EDUCATE THE NEXT GENERATION

Do you remember your favorite teacher? Follow your calling to become that teacher for someone else.

From your first year, you'll be in local classrooms gaining real-world experience. Fieldwork and student teaching grow your skills and network. Our graduates are in high demand!

You'll learn how to support diverse learners, applying evidence-based strategies grounded in Christian principles.

We'll help you prepare for New York State certification with one-on-one advising and exam readiness support.

After graduation, fulfill New York State requirements and earn your professional certification with the same faculty you know and love. We offer master's programs in Special Education, Literacy, and Dual Special Education and Literacy.

AVAILABLE MAJORS

ROBERTS
WESLEYAN UNIVERSITY

What makes you want to become a teacher? Is it a special teacher? Your passion for your favorite subject? Do you feel called to help students? Whatever inspires you, you'll explore it here at Roberts.

Childhood (Grades 1-6) & Special Education (All Grades)

In either of these majors, you'll choose a concentration in:

- Historical and Social Sciences
- Language Arts
- Liberal Arts and Sciences
- STEM
- Social Studies

As a student in this program, you can easily extend your certification. Just take one extra course and pass two extra certification exams.

Adolescent Education (Grades 7-12) & Special Education (All Grades)

Become certified in teaching:

- Biology
- Chemistry
- English
- Mathematics
- Physics
- Social Studies

TESOL (All Grades) with Students with Disabilities (All Grades)

PHYSICAL EDUCATION (K-12)

Learn classroom management, the science of fitness, and coaching techniques. Earn an automatic minor in Coaching. Learn to network and present at the annual New York State Association for Health, Physical Education, Recreation, & Dance Conference.

MUSIC EDUCATION (K-12)

Inspire young minds and kindle a love for music that will last forever. Learn to lead with confidence, sharpen your vocal and/or instrumental musical skills, & leave a lasting legacy.

VISUAL ART EDUCATION (K-12)

Combine your passion for art with your desire to serve others. This major will provide you with a strong foundational method of art making and theory.

STUDENT SPOTLIGHT

Lily Sluk '22, '24 began her career in this program. After graduation, her first job was at Longridge Elementary as a third-grade teacher. She shares, *"One thing I love about Roberts' undergrad program is how incredibly practical the courses are. Almost every class gave me hands-on experience practicing the concepts I was learning about."*

It didn't stop there for Lily. She chose to dig deeper and pursue her Master's of Literacy at Roberts.

She says, *"One thing that sparked my interest was the fact that the program is fully online. I could not find any other programs that gave me a Master's in Literacy for [only] 30 credits at an affordable cost."*
