Unique fellowship opportunity for MSW Students interested in social work practice with Veterans and their families.

- Receive an annual $10,000 stipend while in your mental health concentration field placement.
- Earn a certificate in clinical practice with medically underserved communities.
  - Receive enriched educational, training, and career development opportunities focused on evidence-based interventions, trauma recovery, cultural competence, and inter-professional practice.
  - Participate in an online peer support network comprised of student, faculty, field staff, and field educators involved in the consortium.
  - Receive training in an emergency room cross disciplinary trauma simulation lab.
- Develop leadership skills through participation on an advisory team.

Upstate New York Mental and Behavior Health Education Consortium (UNY-MBHEC)

This project is supported by funds from the Bureau of Health Professions, Health Resources and Services Administration, Department of Health and Human Services under grant number M01HP25193 of the Mental and Behavioral Health Education and Training Program.

Roberts Wesleyan College Department of Social Work is partnering with the Canandaigua Veterans Affairs System to support two HRSA-funded field placements. These fellowships will be available on an annual basis for the next three years.

Led by the University at Albany School of Social Welfare, members of the consortium are the MSW Programs at: University at Buffalo, Binghamton University, Roberts Wesleyan College, Nazareth College, the College at Brockport, and Syracuse University.

Eligibility

- Mental health concentration full-time traditional or full-time advanced standing students in the MSW program at Roberts Wesleyan College.
- U.S. citizen, non-citizen national, or foreign national with visa permitting permanent residence.
- Successful completion of the Roberts Wesleyan College HRSA Field Education application process.
- Successful completion of the Canandaigua VA Field Application Process.
