

Student satisfaction with programs effectiveness and ability to meet program outcomes - ratings based on alumni survey data:

- **Traditional Undergraduate Program :**
- Satisfaction range at 93-100%
- **Non-Traditional Undergraduate RN-BS Program**
- 91-100% of RN to BS alumni (n=125) were satisfied with their ability to meet program outcomes.

Service as part of graduates' lives – based on alumni survey data

- 91% of traditional alumni (n=59) agree that, as a result of RWC education, service is an integral part of their lives

Traditional Undergraduate Student rating of clinical settings – based on student surveys conducted each semester

- Students rate clinical settings used in their clinical courses overwhelmingly as 5.0/5.0

Rochester-area nurse leaders rate Traditional Program undergraduate students:

- 100% of Roberts' nursing students meet the program outcomes of caring and good problem solving

Data for Graduate Program

EBI Exit Assessment of Graduate Students (2012/2013)

	Mean Score (Scale of 7.0)
Overall Satisfaction with Graduate Program	6.72
Quality of Faculty and Instruction	6.72
Administration and Academic Advising	6.67
Overall Learning	6.76
Overall Program Effectiveness	6.54

The graduate student ratings of the RWC programs had a statistically significant difference (higher score) than the Carnegie Class and all institutions participating in this survey.
