

# ALL IN

## FOR SERVING THE COMMUNITY AS A PSYCHOLOGIST

If you're passionate about helping others, this is how you make it your life's work.

Prepare to make a real impact by becoming dually trained in clinical and school psychology. You'll be equipped to serve in schools, clinics, hospitals, and beyond.

In this five-year program, you'll work alongside experienced faculty and gain hands-on practice through diverse placements and our on-campus clinic, Westside Psychological Services. Our practitioner-scholar model equips you with the knowledge, skills, and experience needed for licensure as both a clinical and certified school psychologist.

### HIGHLIGHTS

- Multiple paid internships
- 100% employment within one year of graduation
- Gain real-world clinical experience through our on-campus clinic, Westside Psychological Services
- Work with a dedicated fieldwork coordinator
- Practicum sites include schools, hospitals, mental health and forensic settings, VA centers, and more
- Enjoy a cooperative learning environment
- Experience conducting complex assessments, including autism spectrum disorders

### CAREER OUTLOOK

By graduation, students develop the following skills through both classroom and field training:

- Assessment skills
- Treatment and intervention
- Clinical supervision
- Consultation and interdisciplinary skills
- Research methods
